

AMENDMENTS TO THE CLAIMS

Claims 1-4 (Canceled)

Claim 5 (New): A method of manufacturing a food product, comprising baking a raw material of food product and a malt being compounded therein, wherein the malt is a barley malt and a compounding ratio of the malt in the raw material of food product is 10% or more.

Claim 6 (New): The method of manufacturing a food product as claimed in Claim 5, wherein the compounding ratio of the malt in the raw material of food product is 20% or more.

Claim 7 (New): The method of manufacturing a food product as claimed in Claim 5, wherein the compounding ratio of the malt in the raw material of food product is in a range of from 10% to 20%.

Claim 8 (New): The method of manufacturing a food product as claimed in Claim 5, wherein

the baking produces the food product;

the food product comprises at least one oligosaccharide selected from the group consisting of maltotetraose, maltopentaose and maltohexaose; and

the barley malt supplies all of the at least one oligosaccharide in the food product.

Claim 9 (New): The method of manufacturing a food product as claimed in Claim 6,
wherein

the baking produces the food product;

the food product comprises at least one oligosaccharide selected from the group
consisting of maltotetraose, maltopentaose and maltohexaose; and

the barley malt supplies all of the at least one oligosaccharide in the food product.

Claim 10 (New): The method of manufacturing a food product as claimed in Claim 7,
wherein

the baking produces the food product;

the food product comprises at least one oligosaccharide selected from the group
consisting of maltotetraose, maltopentaose and maltohexaose; and

the barley malt supplies all of the at least one oligosaccharide in the food product.

Claim 11 (New): The method of manufacturing a food product as claimed in Claim 5,
wherein

the baking produces the food product; and

the food product is a bread.

Claim 12 (New): The method of manufacturing a food product as claimed in Claim 6,
wherein

the baking produces the food product; and

the food product is a bread.

Claim 13 (New): The method of manufacturing a food product as claimed in Claim 7, wherein

the baking produces the food product; and

the food product is a bread.

Claim 14 (New): A food product manufactured by the method of manufacturing a food product as claimed in Claim 5.

Claim 15 (New): A food product manufactured by the method of manufacturing a food product as claimed in Claim 6.

Claim 16 (New): A food product manufactured by the method of manufacturing a food product as claimed in Claim 7.

Claim 17 (New): The food product according to Claim 14, wherein the food product is a bread.

Claim 18 (New): The food product according to Claim 15, wherein the food product is a bread.

Claim 19 (New): The food product according to Claim 16, wherein the food product is a bread.
